Leading the web to its full potential

▼ Upcoming: W3C Virtual Workshop on Web & Machine Learning

8 June 2020 | [Archive](#)

W3C announced today the [Web & Machine Learning Workshop](#), previously postponed due to the international travel situation, is now being organized as a virtual event in September 2020.

The primary goal of the workshop is to bring together providers of Machine Learning tools and frameworks with Web platform practitioners to enrich the Open Web Platform with better foundations for machine learning.

The event will be organized as a combination of pre-recorded talks (to be submitted in July 2020) followed by a series of live sessions in September, organized around 4 main themes:

- Opportunities and Challenges of Browser Based Machine Learning
- Web Platform Foundations for Machine Learning
- Machine Learning Experiences on the Web: A Developer's Perspective
- Machine Learning Experiences on the Web: A User's Perspective

The event is free and open to anyone with relevant perspectives on the topic to register for the event. For more information on the workshop, please see the [workshop details and submission instructions](#).

Deadline to [submit a proposal for a talk](#) is **3 July 2020** and [registration](#) is open through **14 August 2020**.

# 이전 버전 IE 지원 종료

 Microsoft | Microsoft 365 Windows Windows 10 > 기능 > 지원 > 장치 가정용

Microsoft 전체 > 검색 > 카트 > 로그인 >

## 이전 버전 Internet Explorer 지원 종료

Internet Explorer(IE) 10 및 이전 버전에 대한 지원이 2016년 1월 12일에 종료되었습니다. Windows 7, 8.1 및 10에 설치된 IE11에 대한 보안 업데이트, 호환성 수정 사항 및 기술 지원은 계속해서 제공됩니다.

[지금 업그레이드](#)

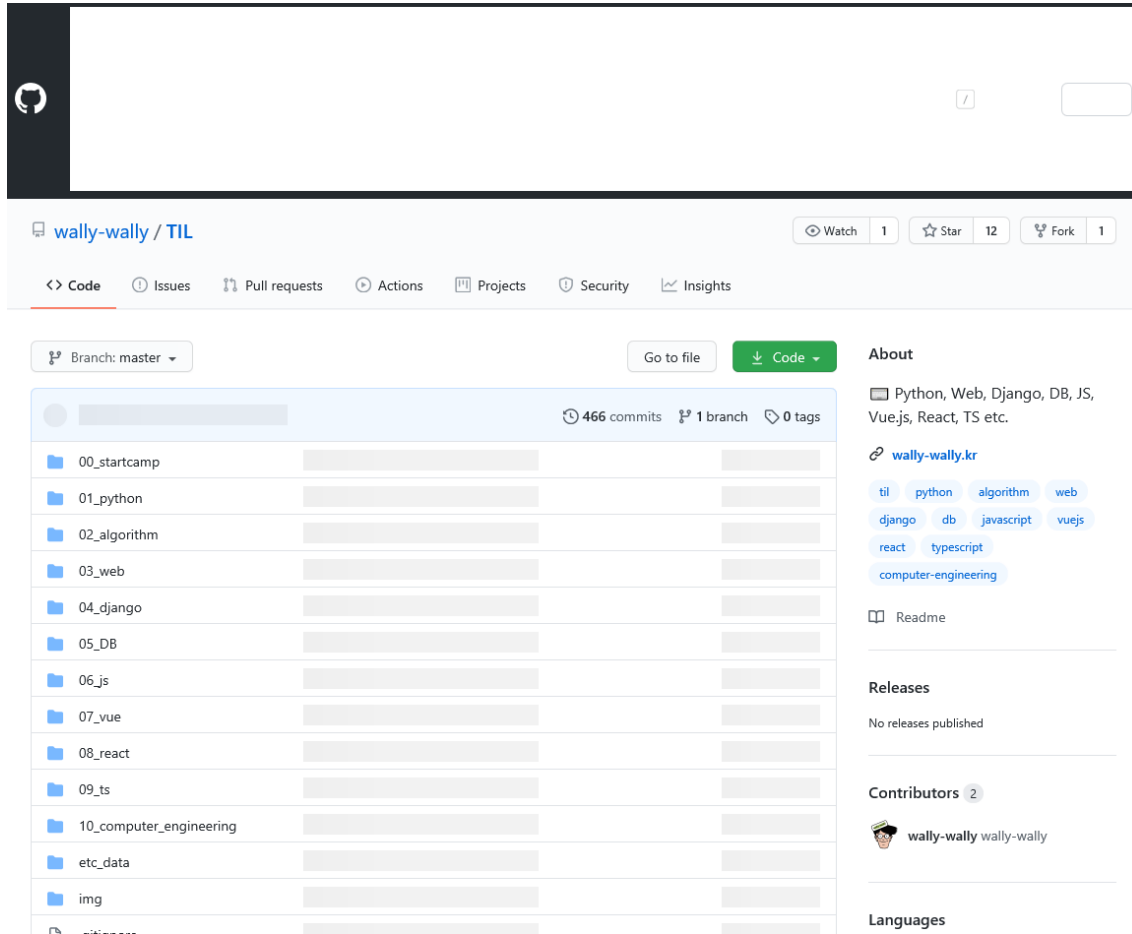

## 필요한 조치

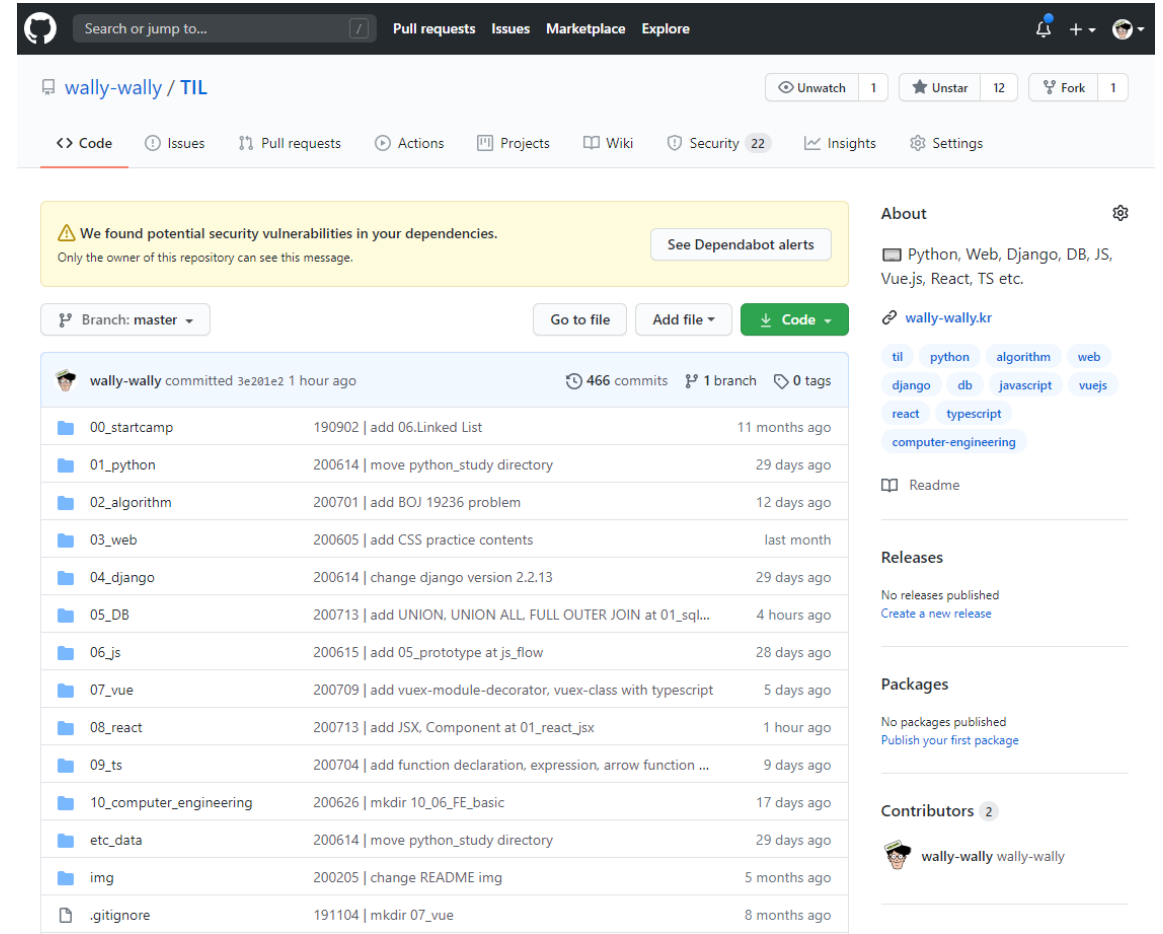

이제 실천에 옮길 시간입니다. 2016년 1월 12일부터 Microsoft는 더 이상 이전 버전의 Internet Explorer에 대한 보안 업데이트와 기술 지원을 제공하지 않습니다. 정기적인 보안 업데이트는 디바이스를 보호하므로, 업그레이드를 통해 최신으로 유지하는 것이 중요합니다.
